6 Smiltene Evangelical Lutheran Church

The largest rural church in Latvia, built in the form of a typical cross. The windows are made in the Gothic style, the interior is decorated with excellent wood carvings and Latvian patterns. The pipe organ was built by Racmanis and Rollers. The church's altarpiece "The Resurrection of Christ" is unusual - it has two authors and two years of creation - in 1873 it was painted by the German-Baltic artist Ernst von Liphart, but in 1896 it was completely painted-over by the prominent Latvian painter Janis Rozentāls. The church clock is a gift from the former President of Latvia, Kārlis Ulmanis.
